Describe the **Purpose** of Your Intended Reproduction:

This material is being reproduced for a publicly available research project that I am not profiting from. It is positioned amongst other research material in a way that is intended to educate an audience about a broader narrative. The reproduction is not intended as a substitute for viewers seeking out and viewing the material on their own. It is instead intended as a companion that could encourage further inquiry and engagement.

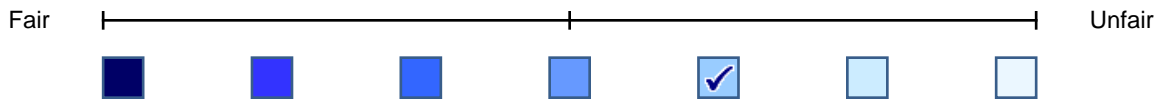

Describe the **Character** of Your Intended Reproduction:

This character of this reproduction makes it available for anyone with a link to the website hosting the project to access. Though the project has been completed and will not be subject to further change, it will remain available online for the indefinite future.

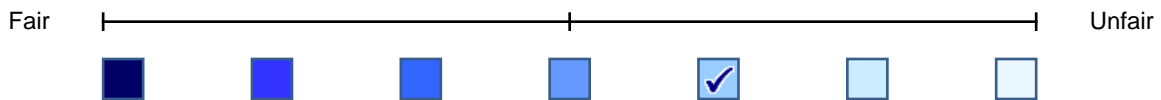

Describe the **Amount** of Your Intended Use in Relation to the Copyrighted Work as a Whole:

I intend to display the full amount of the work in my research project. No less than that amount would be effective possibly or consistent with the amount of other publicly available material displayed in the project.

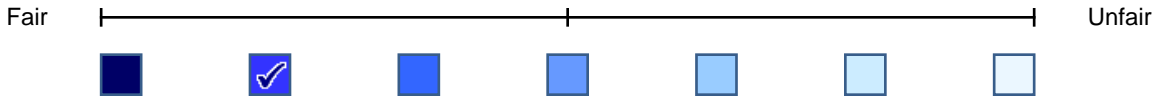

Describe any possible **Alternatives** that you could use in place of Reproduction:

I intend to display the full amount of the work in my research project. No less than that amount would be effective possibly or consistent with the amount of other publicly available material displayed in the project.

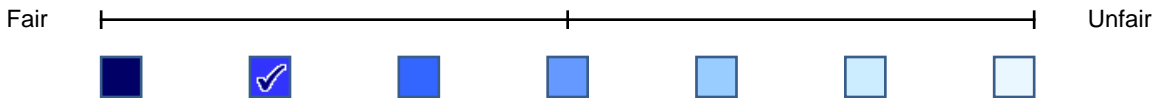

Describe the **Nature** of Your Intended Reproduction:

The work provided in this reproduction has been previously published and direct acknowledgement of the original source has been provided. This reproduction is intended to introduce the work to an audience that would not have been exposed to it otherwise. Its reproduction is intended to encourage further inquiry into the work.

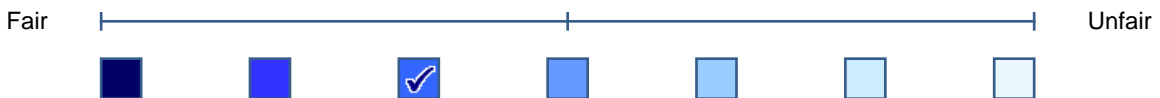

Describe the **Effect** of Your Intended Use on the Potential Market or Value of the Copyrighted Work:

This reproduction brings a new audience to the work that would likely have not been exposed to it otherwise. The reproduction also enhances the work by placing it within a broader historical narrative. It thus allows for the work to be experienced by an audience that would not have had the context to understand its importance otherwise.

The Average **"Fairness Level,"** Based on Your Rating of Each of the 6 Factors, Is:

[see tool disclaimer for important clarifying information]:

Based on the information and justification I have provided above, I, Patrick Timothy Dawson, am asserting this use is **FAIR** under Section 29 of the Canadian Copyright Act.
